Not illustrated. 1765 Excerpt: ...of this composition will be equally good with that of the Indian ink: the ifinglass size, mixed with the colours, works with the pencil equally well with the Indian ink: and the Spanish liquorice will both render it easily dissolvable on the rubbing with water, to which the ifinglass alone is somewhat reluctant; and also prevent its cracking and peeling off from the ground on which it is laid. INLAYING, the art of marquetry. See MARQJETRY. INNATE lot-:As, those supposed to be stamped on the mind, from the first moment of its existence, and which it constantly brings into the world with it: a doctrine which Mr. Locke has abundantly refuted. See the article IDEA. INNOCENTS DAY, a festival of the Christian church, observed on December twenty-eight, in memory of the massacre of the innocent children by the command os Herod, king of judea; who being alarmed at hearing that an insant was born king of the Jews, and imagining that his own kingdom was in danger, sent orders to have all the children slain that were in ethlehem, and the adjacent country. The Greek church in their calendar, and the Abyssinians of Ethiopia in their oflices, commemorate fourteen thousand infants on this occafion. INNOMINATA OSSA, in anatomy, three bones, which compose the extreme part of the trunk of a human body. These, though single in adults, are in infants ihrec perfectly distinct bones, each of which has its peculiar name; the upper one is called the ileum; the anterior one, the os pubis, or os pectinis; and the posterior one, the os pubis, or os ischium. These are joined by the intervention of a cartilage, as it were in the middle of that singular cavity called the acetabulum, and continue visibly distinct to

the age of puberty; after which they coalesce, and form one entire bone so...
