

ISO 9001:2015 into the Future

A review of the core Standards and how they should be interpreted when updating your quality management system to ISO 9001:2015. This book is designed to allow any organisation to have an effective practical quality management system. It explains a simple approach of how to implement the new ISO 9001:2015 certifiable standard in a manner that benefits the business. The whole purpose of using the ISO standards is to help an organisation improve and control what they do.
