

WJHC Volume 1: On The Air (v. 1)

Enough is enough. Something has to be done about the light music that drones through the halls, torturing students each morning at Jackson Hill High. Come along as Janey Wells and her mismatched group of teenage merry men take on the status quo and pump up the jam on their schools PA system. But thats not all. This fearless bunch manages to stage a rockin rollin concert, take off on one wet and wild road trip, solve the mystery of a runaway love note... and the beat goes on. So clear the airwaves, adventure lovers. Its time to tune in.
