

The Adventures of the Cheery Bim Band 4: Color War!

Binyamin Weintraub and Yossi Belsky cant wait for the best part of camp to get underway. With color war about to begin, the Cherry Bim Band will just have to be put on hold. Gavriel Weintraub is baffled by his brothers attitude. What could be more important than the Cherry Bim Band? And why are Binyamin and Yossi accusing him of bossing them around? Shaya Ginsburg and Moshe Chaim Kramer agree with the younger band members, its time to enjoy color war, not worry about band practices! They also think its time for everyone to join in the decision-making process , instead of Gavriel leading the band on his own. Yona Greenberg, the Red Team captain, does know that Gavriel is spending too much time with boys on the opposite team. Angry and suspicious, Yona jumps to conclusions. Color War!
